### Introduction

Educreations (<u>www.educreations.com</u>) is a recordable whiteboard that captures your voice, illustrations, and writing to create video lessons. All lessons are hosted on educreations.com, and you can share them with anyone. You can also access publicly shared lessons already created to use within your classroom. **Educreations can be accessed via the iPad App or through a Website and each has its own benefits.** 

iPad	Website	
-	Access the Dashboard

Create Lessons	Create Lessons	
Share Lessons	Share Lessons	
Search Lessons created by others	Search Lessons created by others	
-	Compatible with interactive Whiteboards or	
	Drawing Tablets to create lessons	
Record Lessons	Record Lessons	

\*Classes can only be created on the website, and <u>not</u> from the iPad. \*Classes can include many lessons.

#### Educreations Work-flow for the iPad and Website when creating lessons and/or classes:

iPad	Website
1. Click on new lesson	1. Create a Class
<ol> <li>Create new lesson. Note: you are limited to one saved lesson draft at a time.</li> </ol>	<ol><li>Create new lesson and/or add an existing lesson</li></ol>
3. Click Done	3. Create lesson and/or record lesson
<ol> <li>Save Lesson Draft or Save Finished Video.</li> </ol>	4. Click Save, Preview, or Start Over

Note: Students can Save Lesson Draft to continue working on it at a later date.	
<ol> <li>Title, Description, Published (Private or Public), Subject and Grade.</li> </ol>	<ol> <li>Title, Description, Published (Private or Public), Subject and Grade.</li> </ol>
6. Click Save via mail or weblink.	6. Save
<ol> <li>Click on: Private, Public, My Students, My School for who can view lesson.</li> </ol>	
8. Click Save	
9. Share	

## Account Set-Up on the iPad

Once the Educreations App is downloaded to your iPad from the App Store and you tap Educreations to open the App, you will see the following screen:

Pad 🕈	10:33 AM	96%
New Lesson Share This App	My Lessons	
Tap to create your first les	2	
your tirst les	son	
		ö
	My Lessons Featured	

 Click on Settings to Sign-up into Educreations.com. This will allow you to save and search any lessons on their website and share with others, and keep track of students who watch your lessons. You can also create lessons from any computer. This will also be the area to Log-in to Educreations once you sign-up. When you sign-up you will need to verify your email address.

		Pelp & Support
	My Lansen	Settings

2. Enter:

**First name**, **Last name**, and **email address**. If you would like to find your school, type your school in the search field and tap on it to join. You can also skip this step of joining a school.

## Lesson Creation on the iPad

1. Tap the New Lesson button.

2. The following tools will be available on the screen to help annotate your lessons.

3. The bottom tool bar contains the following options:

2	3
<ol> <li>Previous Page</li> <li>Page Indicator</li> <li>Next Page</li> </ol>	

- Prepare your slides using the tools to text, draw, upload pictures etc.
   Helpful Hint: Start with just a few slides and prepare them all with annotations etc. before recording and until you are comfortable creating lessons.
- 5. **Record** your video. You can pause at any time when recording by pressing the **Pause Button**. You can also press the Pause Button when you need to set up further slides, add and annotate images, or take a small break. Your recording will automatically Pause when you add pictures or text.

- When you have completed your lesson, click the rectangular icon with an arrow the option to Save Draft or Save Finished Video.
- Note: In the "free" version, you are limited to one saved lesson draft at a time.
- 7. When you Save Finished Video, the Lesson Details will appear.

### **Educreations Reminders**

\*Lessons created from <u>www.Educreations.com</u> will be synched and be viewable from your iPad.

- \*Lessons created on your iPad will be synched and be viewable from www.Educreations.com
- \*To get to the main page on the website, click on the logo and the word "Educreations."
- \*A class created online can include many lessons.
- \*Classes can only be created on the website and not the iPad.
- \*A lesson must be saved or all work will be lost.

\*Students can view lessons created by the teacher, subscribe to classes, browse lessons, and create a lesson. Students cannot create a class.

\*Lesson tutorials will have to be embedded for Blogs.

\*Lessons will need to be made Public in order to share via Facebook and Twitter.

\*For Peer Lesson Tutorials have students draw the lesson on paper first before recording.

\*Provide students a timeframe when creating lesson tutorials.

\*When using the microphone to record vocals give permissions to "Allow" Educreations to access your computer. The microphone must be connected to your computer before selecting to create a new lesson. If the microphone is not connected before creating a new lesson, then exit the lesson, connect the microphone and start over.
